CORPORATE REVIEW

Company Background

Superior Resources Limited (ASX code: SPQ) is a Brisbane based company exploring for copper, lead-zinc-silver and gold deposits in northern Queensland, Australia.

Superior currently holds a number of exploration permits, exploration permit applications and a granted mining lease in northern Queensland for base metal exploration. Superior also has a farm-in agreement for gold over three mining leases at Tick Hill in northwest Queensland.

Superior has an expanding portfolio of volcanogenic massive sulphide properties in the Greenvale area of northeastern Queensland with inferred resources defined for one property. In northwest Queensland exploration for Mount Isa style deposits over the last six years has resulted in Superior holding a first class portfolio of properties for these deposits. A farm-in agreement on three granted mining leases at Tick Hill in northwest Queensland gives Superior exposure to an area with potential for high grade gold mineralisation adjacent to an old high grade gold mine.

Corporate Philosophy

Superior's aim is to increase shareholder value through the discovery of significant mineral deposits and it has a strategy consistent with this aim.

Superior targets areas with potential for larger high-grade deposits of copper, lead-zinc-silver and gold. These include the large Mount Isa style deposits in northwest Queensland, the more moderate volcanogenic massive sulphide (VMS) deposits in northeast Queensland and the Proterozoic Tick Hill gold deposits in northwest Queensland.

Superior has adopted a conceptual approach in its search for Mount Isa style deposits which identifies permissive environments for these deposits and then explores these areas. Models, derived from the existing large mineral deposits, are an integral part of this approach. Once a permissive environment is identified, Superior utilises advanced exploration methods (particularly geophysics) with modern computer modelling of results to produce targets for further testing.

While a conceptual approach is also appropriate to a search for Proterozoic gold and VMS copper-gold deposits, Superior has adopted the more traditional approach in this search of exploring around existing indications of mineralisation.

Drilling is an essential part of Superior's exploration programs with drill testing of conceptual targets being part of the search for Mount Isa style deposits and drilling around and beneath existing mineralisation part of the search for gold and copper-gold deposits.

Superior continues to utilise experienced explorers in its exploration as they offer the best chance for discovery of resources.

ABN 72 112 844 407

DIRECTORS' REPORT

Your Directors present their report on the consolidated entity (referred to hereafter as the group) consisting of Superior Resources Limited and the entities it controlled at the end of, or during, the year ended 30 June 2013.

Directors

The following persons were Directors of Superior Resources Limited during the whole of the year and up to the date of this report:

K J Harvey
D J Horton
P H Hwang

Principal activities

During the year the principal activity of the group was exploration for base metals and gold in Australia. There were no significant changes in the nature of the company's activities during the year and no changes are anticipated.

Dividends

There were no dividends paid to members during the financial year.

Review of operations

The loss for the year was \$708,349 after income tax benefit of \$36,732 (2012: loss of \$1,561,984).

The strong focus on exploration for resources in the Greenvale Project area continued during the 2012-2013 year with additional drilling at the One Mile mining lease which was renewed for a further five years. The One Mile sulphide body was extended further south and appeared to be increasing in width and grade. However, the grade in the last hole drilled at the southern end was lower. This hole may not have been representative of the southern area but it was decided that testing of shallower targets around One Mile was likely to provide a better return on expenditure.

Compilation and interpretation of historical geophysical data in the area surrounding One Mile provided a number of high-priority targets. These are proposed for testing on the granting of the exploration permit surrounding the mining lease which is expected to occur in the first quarter of the 2013-2014 year.

A resource estimation on the Cockie Creek Copper Prospect, also within the exploration permit application surrounding the One Mile mining lease, resulted in an inferred resource of 13Mt @ 0.42% copper with potential for further mineralisation in the area.

Late in the year the Cassidy Creek exploration permit was granted and initial work shows good potential for mineralisation further enhancing the value of the Greenvale Project.

In northwest Queensland work on the Mount Isa type projects was kept at a level to maintain the better prospects. The Wills Creek exploration permit was farmed out to DiamonEx Limited.

A share purchase plan was completed early in the year with \$222,000 raised by the issue of 3.7 million shares.

Peter Hwang was appointed Managing Director on 22 April 2013 with Ken Harvey taking on the role of Exploration Director.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

DIRECTORS' REPORT
(continued)

Significant changes in the state of affairs

Significant changes in the state of affairs of the group during the financial year were as follows:

	2013
	\$
(a) Significant gains and expenses:	
Expenses:	
Exploration written off	355,695
(b) Contributed equity increased by \$354,864 (from \$5,889,272 to \$6,244,136) as the result of a placement of 3,700,000 shares for \$222,000 cash, 1,000,000 shares issued as consideration for the acquisition of exploration rights (\$60,000) and 1,412,267 shares issued as settlement of a suppliers invoices (\$84,736).	

Matters subsequent to the end of the financial year

There are no matters or circumstances that have arisen since 30 June 2013 that have significantly affected, or may significantly affect:

- (a) the group's operations in future financial years, or
- (b) the results of those operations in future financial years, or
- (c) the group's state of affairs in future financial years.

Likely Developments and Expected Results from Operations

Results from exploration are difficult to predict in advance so expected results are uncertain.

Environmental regulation

The group's operations are subject to significant environmental regulation under the laws of the commonwealth and state.

DIRECTORS' REPORT
(continued)

REMUNERATION REPORT

The directors are pleased to present your Group's 2013 remuneration report which sets out remuneration information for Superior Resources Limited's non-executive directors, executive directors, and other key management personnel.

The report contains the following sections:

- (a) Directors and key management personnel disclosed in this report
- (b) Remuneration governance
- (c) Use of remuneration consultants
- (d) Executive remuneration policy and framework
- (e) Relationship between remuneration and Superior Resources Limited's performance
- (f) Non-executive director remuneration policy
- (g) Voting and comments made at the company's 2012 Annual General Meeting
- (h) Details of remuneration
- (i) Service agreements
- (j) Details of share-based compensation and bonuses

(a) *Directors and key management personnel disclosed in this report*

<i>Non-executive and executive directors (see pages 4 to 5 for details about each director)</i>	
D J Horton	
K J Harvey	
P H Hwang	
<i>Other key management personnel</i>	
Name	Position
C A Fernicola	Company Secretary

(b) *Remuneration governance*

The board is responsible for:

- the over-arching executive remuneration framework
- operation of the incentive plans which apply to the executive team, including key performance indicators and performance hurdles
- remuneration levels of executive directors and other key management personnel, and
- non-executive directors fees

The objective is to ensure that remuneration policies and structures are fair and competitive and aligned with the long-term interests of the Group.

(c) *Use of remuneration consultants*

The Group has not engaged the services of any remuneration consultants during the current or prior financial years.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

REMUNERATION REPORT (continued)

(d) *Executive remuneration policy and framework*

The combination of base pay and superannuation make up the executive directors total remuneration. Base pay for the executive directors is reviewed annually to ensure the executives' pay is competitive with the market. The board ensures that executive reward satisfies the following key criteria for good reward governance practices:

- competitiveness and reasonableness
- acceptability to shareholders
- transparency
- capital management

Long-term incentives

Long-term incentives are provided to executive directors by obtaining approval at a general meeting of shareholders. Any issue of options to executive directors is designed to focus executives on delivering long-term shareholder returns.

(e) *Non-executive director remuneration policy*

Fees and payments to non-executive directors reflect the demands which are made on, and the responsibilities of, the directors. Non-executive directors' fees and payments are reviewed annually by the Board.

Non-executive directors' fees are determined within an aggregate directors' fee pool limit, which is periodically recommended for approval by shareholders. The maximum currently stands at \$250,000 in aggregate plus statutory superannuation.

(f) *Voting and comments made at the company's 2012 Annual General Meeting*

Superior Resources Limited received more than 95% of "yes" votes on its remuneration report for the 2012 financial year. The company did not receive any feedback at the AGM or throughout the year on its remuneration practices.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

REMUNERATION REPORT (continued)

(h) Service agreements

Remuneration and other terms of employment of the Managing Director are formalised in an agreement. The major provisions of the agreements relating to remuneration are set out below.

P H Hwang, *Managing Director*

- Term of employment agreement – indefinite commencing 22 April 2013.
- Base salary, inclusive of superannuation, for the year ended 30 June 2013 of \$230,000, to be reviewed at least annually by the Board.
- Payment of a termination benefit on early termination by the company, other than for gross misconduct, equal to six months remuneration.
- Agreement may be terminated by employee giving six months notice in writing.

K J Harvey, *Exploration Director (formerly Managing Director until 22 April 2013)*

- Term of employment agreement – indefinite commencing 1 July 2007.
- Base salary, inclusive of superannuation, for the year ended 30 June 2013 of \$218,000, to be reviewed at least annually by the Board.
- Payment of a termination benefit on early termination by the company, other than for gross misconduct, equal to six months remuneration plus four weeks salary for every year of service.
- Agreement may be terminated by employee giving one months notice in writing.

(i) Details of share based compensation and bonuses

There have been no options granted affecting remuneration in the current or a future reporting period.

End of the Remuneration Report

ABN 72 112 844 407

DIRECTORS' REPORT
(continued)

Shares under option

There are no unissued ordinary shares of Superior Resources Limited under option at the date of this report.

During the year ended 30 June 2013, and since year end, there were no shares issued on the exercise of options granted.

Insurance of officers

During the financial year the company paid a premium of \$14,434 to insure the directors and secretaries of the company.

The liabilities insured are legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers and any other payments arising from liabilities incurred by the officers in connection with such proceedings. This does not include such liabilities that arise from conduct involving a wilful breach of duty by the officers or the improper use by the officers of their position or of information to gain advantage for themselves or someone else or to cause detriment to the company. It is not possible to apportion the premium between amounts relating to the insurance against legal costs and those relating to other liabilities.

Proceedings on behalf of the company

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the company or to intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in or on behalf of the company with leave of the court under section 237 of the Corporations Act 2001.

Non-audit services

The company may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the company are important.

Details of amounts paid or payable to the auditor for audit and non-audit services provided during the year are set out below.

The board of directors has considered the position and, in accordance with the advice received from the audit committee is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The directors are satisfied that the provision of non-audit services by the auditor, as set out below, did not compromise the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- all non-audit services have been reviewed by the audit committee to ensure they do not impact the impartiality and objectivity of the auditor, and
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants*.

Non-audit services (continued)

During both the current and previous financial year there were no fees paid or payable for non-audit services provided by the auditor.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 13.

Auditor

Lawler Hacketts Audit continues in office in accordance with section 327 of the *Corporations Act 2001*.

This report is made in accordance with a resolution of Directors.

D J Horton
Chairman

Brisbane, 26 August 2013

**AUDITOR'S INDEPENDENCE DECLARATION
UNDER S 307C OF THE CORPORATIONS ACT 2001
TO THE DIRECTORS OF SUPERIOR RESOURCES LIMITED**

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2013 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies

Superior Resources Limited (the “Company”) is a company limited by shares, incorporated and domiciled in Australia. Superior Resources Limited’s shares are listed on the Australian Securities Exchange.

The consolidated financial statements were authorized for issue by the directors on 26 August 2013. The directors have the power to amend and reissue the consolidated financial statements.

The consolidated financial statements are presented in Australian dollars which is the Group’s functional and presentation currency.

The principal accounting policies adopted in the preparation of the consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The consolidated financial statements and notes are for Superior Resources Limited and its controlled entity (the ‘consolidated group’ or ‘Group’), as required by the Corporations Act 2001.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*. Superior Resources Limited is a for-profit entity for the purposes of preparing the financial statements.

Compliance with IFRSs

The consolidated financial statements of the Group also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

New and amended standards adopted by the group

None of the new standards and amendments to standards that are mandatory for the first time for the financial year beginning 1 July 2012 affected any of the amounts recognised in the current period or any prior period and are not likely to affect future periods. However, amendments made to AASB 101 *Presentation of Financial Statements effective* 1 July 2012 now require the statement of comprehensive income to show the items of comprehensive income grouped into those that are not permitted to be reclassified to profit or loss in a future period and those that may have to be reclassified if certain conditions are met.

Historical cost convention

The financial statements have been prepared on an accrual basis and under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets and liabilities (including derivative instruments) at fair value through profit or loss, certain classes of property, plant and equipment and investment property.

Critical accounting estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(b) Principles of consolidation

(i) Subsidiaries

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Superior Resources Limited ('company' or 'parent entity') as at 30 June 2013 and the results of all subsidiaries for the year then ended. Superior Resources Limited and its subsidiaries together are referred to in this financial report as the group or the consolidated entity.

Subsidiaries are all entities (including special purpose entities) over which the group has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the group controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are de-consolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group (refer to note 1 (o)).

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated income statement, statement of comprehensive income, statement of changes in equity and balance sheet respectively.

(c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable when it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Interest revenue is recognised using the effective interest rate method.

All revenue is stated net of the amount of goods and services tax (GST).

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(d) Income Tax

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the reporting date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the assets and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(e) Cash and cash equivalents

For the consolidated statement of cash flows presentation purposes, cash and cash equivalents includes cash on hand and deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(f) Investments and other financial assets

Available for sale

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance date.

When securities classified as available-for-sale are sold, the accumulated fair value adjustments recognised in other comprehensive income are included in the income statement as gains and losses from investment securities.

Subsequent measurement

Available-for-sale financial assets are subsequently carried at fair value. Gains or losses arising from changes in the fair value of the monetary and non-monetary securities classified as available-for-sale are recognised in other comprehensive income.

Fair value

The fair values of quoted investments are based on current bid prices.

Impairment

The Group assesses at each balance date whether there is objective evidence that a financial asset or group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of a security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss – is recognised in the income statement. Impairment losses recognised in the income statement on equity instruments classified as available-for-sale are not reversed through the income statement.

(g) Fair value estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the balance date. The quoted market price used for financial assets is the current bid price.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(h) Plant and equipment

Plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives, as follows:

- Equipment / Software 3 – 5 years

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the income statement. When revalued assets are sold, it is company policy to transfer the amounts included in other reserves in respect of those assets to retained earnings.

(i) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(j) Exploration expenditure

Expenditure is accumulated separately for each area of interest until such time as the area is abandoned or sold. The realisation of the value of the expenditure carried forward depends on any commercial results that may be obtained through successful development and exploitation of the area of interest or alternatively by its sale. If an area of interest is abandoned or is considered to be of no further commercial interest the accumulated exploration costs relating to the area are written off against income in the year of abandonment. Some exploration expenditure may also be written off where areas of interest are partly relinquished. In cases where uncertainty exists as to the value, provisions for possible diminution in value are established.

(k) Contributed equity

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(l) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the financial year but not distributed at balance date.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(m) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Group, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

(n) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flow.

(o) Business combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the group. The consideration transferred also includes the fair value of any asset or liability resulting from a contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

The excess of the consideration transferred and the amount of any non-controlling interest in the acquiree over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the subsidiary acquired and the measurement of all amounts has been reviewed, the difference is recognised directly in profit or loss as a bargain purchase.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(o) Business combinations (continued)

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

(p) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

(ii) Other long-term employee benefit obligations

The liability for long service leave and annual leave which is not expected to be settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on government bonds with terms and currencies that match, as closely as possible, the estimated future cash outflows.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.

(q) New accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2013 reporting periods and have not been adopted by the group. The group's assessment of the impact of these new standards and interpretations is set out below.

(i) AASB 9 Financial Instruments, AASB 2009-11 Amendments to Australian Accounting Standards arising from AASB 9 and AASB 2010-7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) and AASB 2012-6 Amendments to Australian Accounting Standards – Mandatory Effective Date of AASB 9 and Transition Disclosures (effective from 1 January 2015)

AASB 9 *Financial Instruments* addresses the classification, measurement and derecognition of financial assets and financial liabilities. The standard is not applicable until 1 January 2013 but is available for early adoption. When adopted, the standard will have no effect on the Group accounting for its available-for-sale financial assets as the changes only affect the accounting for equity investments that are held for trading.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(q) New accounting standards and interpretations (continued)

There will be no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss and the Group does not have any such liabilities. The derecognition rules have been transferred from AASB 139 *Financial Instruments: Recognition and Measurement* and have not been changed. The group has not yet decided when to adopt AASB 9.

(ii) AASB 13 *Fair Value Measurement* and AASB 2011-8 *Amendments to Australian Accounting Standards arising from AASB 13* (effective 1 January 2013)

AASB 13 was released in September 2011. It explains how to measure fair value and aims to enhance fair value disclosures. The Company has yet to determine which, if any, of its current measurement techniques will have to change as a result of the new guidance. It is therefore not possible to state the impact, if any, of the new rules on any of the amounts recognised in the financial statements. However, applicable of the new standard will impact the type of information disclosed in the notes to the financial statements. The Company does not intend to adopt the new standard before its operative date, which means that it would be first applied in the annual reporting period ending 30 June 2014.

(iii) AASB 10 *Consolidated Financial Statements*, AASB 11 *Joint Arrangements*, AASB 12 *Disclosure of Interests in Other Entities*, revised AASB 127 *Separate Financial Statements*, AASB 128 *Investments in Associates and Joint Ventures*, AASB 2011-7 *Amendments to Australian Accounting Standards arising from the Consolidation and Joint Arrangements Standards* and AASB 2012-10 *Amendments to Australian Accounting Standards – Transition Guidance and Other Amendments* (effective 1 January 2013)

In August 2011, the AASB issued a suite of five new and amended standards which address the accounting for joint arrangements, consolidated financial statements and associated disclosures.

AASB 10 replaces all of the guidance on control and consolidation in AASB 127 *Consolidated and Separate Financial Statements*, and Interpretation 12 *Consolidation – Special Purpose Entities*. The core principle that a consolidated entity presents a parent and its subsidiaries as if they are a single economic entity remains unchanged, as do the mechanics of consolidation. However, the standard introduces a single definition of control that applies to all entities. It focuses on the need to have both power and rights or exposure to variable returns. Power is the current ability to direct the activities that significant influence returns. Returns must vary and can be positive, negative or both. Control exists when the investor can use its power to affect the amount of its returns. There is also new guidance on participating and protective rights and on agent/principal relationships. The group does not expect the new standard to have any significant impact on the financial statements.

AASB 11 introduces a principles based approach to accounting for joint arrangements. The focus is no longer on the legal structure of joint arrangements, but rather on how rights and obligations are shares by the parties to the joint arrangement. Based on the assessment of rights and obligations, a joint arrangement will be classified as either a joint operations or a joint venture. Joint ventures are accounted for using the equity method, and the choice to proportionately consolidate will no longer be permitted. Parties to a joint operation will account for their share of revenues, expenses, assets and liabilities in much the same way as under the previous standard. AASB 11 also provides guidance for parties that participate in joint arrangements but do not share joint control.

Although not expected to be significant, the Group is yet to formally assess the impact of this new accounting standard on its financial statements.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. Summary of Significant Accounting Policies (continued)

(q) New accounting standards and interpretations (continued)

(iv) AASB 2011–4: *Amendments to Australian Accounting Standards to Remove Individual Key Management Personnel Disclosure Requirements* (applicable for annual reporting periods beginning on or after 1 July 2013).

This Standard makes amendments to AASB 124: *Related Party Disclosures* to remove the individual key management personnel disclosure requirements (including paras Aus29.1 to Aus29.9.3). These amendments serve a number of purposes, including furthering trans-Tasman convergence, removing differences from IFRSs, and avoiding any potential confusion with the equivalent *Corporations Act 2001* disclosure requirements.

This Standard is not expected to significantly impact the Group's financial report as a whole because:

- some of the disclosures removed from AASB 124 will continue to be required under s 300A of the Corporations Act, which is applicable to the Group; and
- AASB 2011–4 does not affect the related party disclosure requirements in AASB 124 applicable to all reporting entities, and some of these requirements require similar disclosures to those removed by AASB 2011–4.

There are no other standards that are not yet effective and that are expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

(r) Parent entity financial information

The financial information for the parent entity, Superior Resources Limited, disclosed in note 31 has been prepared on the same basis as the consolidated financial statements.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

2. Financial risk management

The Group's overall risk management plan seeks to minimize potential adverse effects due to the unpredictability of financial markets.

The Group does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Group is exposed are credit risk, liquidity risk, market risk and cash flow interest rate risk.

The Group holds the following financial instruments:

	2013	2012
	\$	\$
Financial assets		
Cash and cash equivalents	213,456	630,961
Trade and other receivables	44,636	87,467
Available-for-sale financial assets	210,000	350,000
	<u>468,092</u>	<u>1,068,428</u>
Financial liabilities		
Trade and other payables	104,755	96,708
	<u>104,755</u>	<u>96,708</u>

Risk management is carried out by the Group's finance function under policies and objectives which have been approved by the Board of Directors. The Managing Director has been delegated the authority for designing and implementing processes which follow the objectives and policies.

The Board receives monthly reports which provide details of the effectiveness of the processes and policies in place.

Credit risk

Credit risk is the risk of loss from a counter-party failing to meet its financial obligations to the Company.

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognized financial assets is the carrying amount of those assets, net of any provision for doubtful debts, as disclosed in the balance sheet and notes to the financial statements.

Credit risk arises from cash and cash equivalents and deposits with banks and financial institutions. For bank and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

2. Financial risk management (continued)

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available).

	2013	2012
	\$	\$
Cash at bank and short-term bank deposits		
AAA	-	-
A	213,456	630,961
	213,456	630,961

Other than cash and cash equivalents, the most significant other financial assets are trade and other receivables. The Group does not have any material credit risk exposure to any single debtor or group of debtors under financial instruments entered into by the Group. There were no past due debts at balance date requiring consideration of impairment provisions.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities to meet obligations when due. At the end of the reporting period the Group held deposits at call of \$199,093 (2012: \$613,784) that are expected to readily generate cash inflows for managing liquidity risk.

The Group manages liquidity risk by continuously monitoring forecast and actual cash flows. No finance facilities were available to the Group at the end of the reporting period.

Maturities of financial liabilities

The table below analyses the Group's financial liabilities into relevant maturity groupings.

Contractual maturities of financial liabilities	Less than 6 months	6 – 12 months	Between 1 and 2 years	Between 2 and 5 years	Over 5 years	Total contractual cash flows	Carrying amount
	\$	\$	\$	\$	\$	\$	\$
At 30 June 2013							
Trade and other payables	104,755	-	-	-	-	104,755	104,755
	104,755	-	-	-	-	104,755	104,755
At 30 June 2012							
Trade and other payables	96,708	-	-	-	-	96,708	96,708
	96,708	-	-	-	-	96,708	96,708

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

2. Financial risk management (continued)

Market risk

The Group is exposed to equity securities price risk. This arises from investments held by the Group in Deep Yellow Limited and classified on the statement of financial position as available-for-sale financial assets. The Group is not exposed to commodity price risk.

The table below summaries the impact of increases/decreases in the Deep Yellow Limited share price on the Group's total comprehensive income / (loss) for the year and on equity. The analysis is based on the assumption that the share price had increased/decreased by 25% (2012 – 25%) from balance date fair value with all other variables held constant.

	Impact on post-tax loss				Impact on reserves			
	2013		2012		2013		2012	
	\$	\$	\$	\$	\$	\$	\$	\$
	+25%	-25%	+25%	-25%	+25%	-25%	+25%	-25%
Investment in Deep Yellow Limited	-	-	87,500	(87,500)	36,750	(36,750)	-	-

Cash flow and fair value interest rate risk

As the Group has no significant interest-bearing assets or borrowings, the Group's income and operating cash flows are not materially exposed to changes in market interest rates.

At 30 June 2013, if interest rates had changed by +/- 100 basis points from the year-end rates with all other variables held constant, post-tax loss for the year would have been \$2,135 lower/higher (2012 – change of 100 bps: \$6,310 higher/lower), as a result of higher/lower interest income from cash and cash equivalents.

Fair value measurements

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes. The net fair value of financial assets and financial liabilities approximates their carrying values as disclosed in the consolidated statement of financial position and notes to the financial statements.

SUPERIOR RESOURCES LIMITED
ABN 72 112 844 407

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

Critical judgements in applying the entity's accounting policies

The Group has capitalised exploration expenditure of \$3,997,035 (2012 : \$3,817,229). This amount includes costs directly associated with exploration. These costs are capitalised as an intangible asset until assessment and/or drilling of the permit is complete and the results have been evaluated. These costs include employee remuneration, materials, rig costs, delay rentals and payments to contractors. The expenditure is carried forward until such a time as the area moves into the development phase, is abandoned or sold. Given exploration activities have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of recoverable resources and the difficulty in forecasting cash flows to assess the fair value of exploration expenditure there is uncertainty as to the carrying value of exploration expenditure. The ultimate recovery of the carrying value of exploration expenditure is dependent upon the successful development and commercial exploitation or, alternatively, sale of the interest in the tenements. The Directors are of the opinion that the exploration expenditure is recoverable for the amount stated in the financial report.

4. Going concern

The financial statements have been prepared on a going concern basis which contemplates the continuity of normal business activities and the realisation of assets and discharge of liabilities in the ordinary course of business.

The Directors acknowledge that to continue the exploration and development of the Group's exploration projects, the budgeted cash flows from operating and investing activities for the future will necessitate further capital raisings. In the event that the Group is unable to raise future funding requirements there exists a material uncertainty that may cast doubt on the Group's ability to continue as a going concern with the result that the Group may be required to realise its assets at amounts different from those currently recognised, settle liabilities other than in the ordinary course of business and make provisions for costs which may arise as a result of cessation or curtailment of normal business operations.

5. Segment information

The Group operates solely within one segment, being the mineral exploration industry in Australia.

(b) Ordinary shares:

Ordinary shares entitle the holder to participate in dividends and the proceeds on winding up of the company in proportion to the number of and amounts paid on the shares held.

On a show of hands every holder of ordinary shares present at a meeting, in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote.

(c) Capital risk management

The Group's objectives when managing capital are to safeguard its ability to continue as a going concern, so that they can continue to provide returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Group includes cash and cash equivalents, equity attributable to equity holders, comprising of contributed equity, reserves and accumulated losses. In order to maintain or adjust the capital structure, the Group may issue new shares, sell assets to reduce debt or adjust the level of activities undertaken by the company.

The Group monitors capital on the basis of cash flow requirements for operational, and exploration and evaluation expenditure. The Group's exposure to borrowings as at 30 June 2013 totals \$nil (2012: \$nil). The Group will continue to use capital market issues and joint venture participant funding contributions to satisfy anticipated funding requirements.

The Group's strategy to capital risk management is unchanged from prior years.

24. Contingencies

The possibility of native title claim applications at some future time, under the provisions of the Native Title Act (1993), may impact on exploration tenements under application. Any substantiated claim may have an effect on the value of the tenement application affected by the claim.

25. Commitments

Exploration commitments

So as to maintain current rights to tenure of various exploration and mining tenements, the company will be required to outlay amounts in respect of tenement rent to the relevant governing authorities and to meet certain annual exploration expenditure commitments. These outlays (exploration expenditure and rent), which arise in relation to granted tenements, inclusive of tenement applications granted subsequent to 30 June 2013, are as follows:

	2013	2012
	\$	\$
Exploration expenditure commitments		
Commitments for payments under exploration permits for minerals in existence at the reporting date but not recognised as liabilities payable is as follows:		
Payable within one year	457,292	419,017
Payable between one and five years	1,560,525	1,457,512
	2,017,817	1,876,529

Outlays may be varied from time to time, subject to approval of the relevant government departments, and may be relieved if a tenement is relinquished. Cash security bonds totalling \$25,000 (2012: \$27,500) are currently held by the relevant governing authorities to ensure compliance with granted tenement conditions.

DIRECTORS' DECLARATION

In the directors' opinion:

1. the consolidated financial statements and notes set out on pages 14 to 45, are in accordance with the *Corporations Act 2001*, including:
 - (a) complying with Accounting Standards, The *Corporations Regulations 2001* and other mandatory professional reporting requirements, and
 - (b) giving a true and fair view of the consolidated entity's financial position as at 30 June 2013 and of its performance for the financial year ended on that date, and
2. there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Note 1(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The directors have been given the declarations by the chief executive officer and chief financial officer required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of the directors.

D J Horton
Chairman

Brisbane, 26 August 2013

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SUPERIOR RESOURCES LIMITED**

Report on the Financial Report

We have audited the accompanying financial report of Superior Resources Limited, which comprises the consolidated statements of financial position as at 30 June 2013, the consolidated statements of comprehensive income, the consolidated statements of changes in equity and the consolidated statements of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the company and the consolidated entity comprising the company and its controlled entity at the year's end or from time to time during the financial year.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards (IFRS)*.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SUPERIOR RESOURCES LIMITED**

Auditor's Opinion

In our opinion:

- a. the financial report of Superior Resources Limited is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Company's and controlled entity's financial position as at 30 June 2013 and of their performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- b. The consolidated financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

Inherent Uncertainty regarding capitalised Exploration Expenditure

Without qualification to the opinion expressed above, attention is drawn to the following matter:

As a result of the matter described in Note 4 to the financial statements, there is uncertainty as to whether the company will be able to recover the carrying value of exploration expenditure for the amount recorded in the financial report. The ultimate recovery of the carrying value of exploration expenditure, and future exploration expenditure, is dependent upon the successful development and commercial exploitation or, alternatively, sale of the interest in the tenements.

Report on the Remuneration Report

We have audited the Remuneration Report included in pages 7 to 10 of the directors' report for the year ended 30 June 2013. The directors of the company are responsible for the preparation and presentation of the remuneration report in accordance with s 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's Opinion

In our opinion the Remuneration Report of Superior Resources Limited for the year ended 30 June 2013 complies with s 300A of the *Corporations Act 2001*.
